

COLUMBUS AND THE CONQUEST OF THE IMPOSSIBLE

A highly readable and controversial portrait of a man driven by religion, influenced by mysticism, and, at best, a primitive navigator who barely knew how to use his ship's instruments. A pre-eminent historian calls into question earlier findings by himself and other scholars. With a new introduction and updates that...

Reader's Opinions

Fernandez-Armesto sets out to write a biography that relies as strictly as possible on historical record. No supposition. As a result he produces a book only 193 pages long (paperback edition). His Columbus is an indefatigable explorer but lousy administrator; full of zest for information but without the head to make sense of good from...

This author was recommended by Glenn, but the actual book was Millenium: A History of the Last Thousand Years
